2015-2017**

## “Count Me In Too (CMI2)”

**Dear Reader,**

**Count Me In Too 5<sup>th</sup>** newsletter has arrived! Lot of steps have been made since August, our last newsletter. The first Apps were spread among stakeholders and at the moment partners are working on their second App that will be available soon:

- How to Bind a Book,
- Breakfast App
- Stimulation of job interview
- Public transport
- Wash App

All apps are combined with an E-learning tool that can be directly reached from the website of CMI2: <http://www.cmi2.eu/en-gb/resources/>

Apps will be available for Android and IOS as well; test version is working through Google Play.

CMI2 first results were first shown to wider public in Brussels, in October, in the frame of EASPD conference: “20 Years on the Road, Join the Trip”. the President of Symbiosis, one of the partners, had a workshop session on employment of persons with disabilities where CMI2 tools were introduced.

If you need more information on our project and current results, don't hesitate to contact us! We will be glad to give you further information concerning our activities and next steps. Your feedback is warmly welcome. Please visit us on facebook: <https://www.facebook.com/CountMeIn2/>

**Count us in too!**

**The CMI2 Team**
